

Ophiopogon japonicus 'Variegatus'
Variegated Mondo Grass • Part shade-Shade • 1.5x1' • Zone 7

This petite, variegated evergreen grass of light green and white striped leaves grows in upright, spreading clumps. White to soft lavender flowers bloom on leafless stalks in early summer, often hidden from view by the foliage.

Panicum virgatum 'Red Sunset' PPAF
Switch Grass • Sun-Part sun • 3-4x3-4' • Zone 4

An attractive ornamental grass for the landscape. Blue-green leaves and stems emerge in spring, but the leaves quickly mature to wine-red by early summer. Beginning in late summer, clumps are topped with airy, rosy red panicles. *Unlicensed propagation prohibited.*

Pennisetum alopecuroides 'Burgundy Bunny' PP21917
Fountain Grass • Sun-Part shade • 12-18x 12-18" • Zone 6

A dwarf fountain grass forming an upright clump of narrow green leaves. Red highlights begin in late spring and by fall have become completely ablazed. Small tufts of cream colored flower plumes appear in late summer. Drought tolerant once established. *Unlicensed propagation prohibited.*

Pinus contorta 'Chief Joseph'
Lodgepole Pine • Sun-Part shade • 6x4' • Zone 5

This dwarf conifer with its bright yellow winter color is on every collector's list. Slowly growing 2-3" per year, it forms a broad upright to oval shape. New growth in spring is a medium green maintaining its color throughout summer until frost initiates the winter transformation.

Rhododendron 'Everred'
Rhododendron • Dappled shade • 2 x2.5' • Zone 7

The new dark jewel of the landscape. A slow-growing, compact, rounded, evergreen shrub. Leaves emerge a shiny black-red fading to a dark green creating a great backdrop to the loose trusses of waxy, deep red, bell-shaped flowers.

Sambucus nigra 'Jandeboer001' Golden Tower®
Elderberry • Part sun • 10x4' • Zone 3

An elegant upright, narrow, deciduous shrub with deeply cut yellow-green leaves. Flat clusters of white flowers appear in summer followed by red berries. *Unlicensed propagation prohibited.*

Spiraea thunbergii 'Ogon' Mellow Yellow®
Spirea • Full Sun • 5x5' in 10 years • Zone 4

This delightfully mounded, multi-stemmed deciduous shrub is an early bloomer with its slender branches covered in clusters of brilliant white flowers. Wispy, willow-like leaves emerge in spring a golden yellow before gradually changing to a bright green and finally an orange-yellow holding on well in the fall.

Taxus x media 'H.M. Eddie'
English Yew • Sun-Shade • 8-10' • Zone 5

This narrow, upright yew takes well to pruning and is perfect for small spaces or as hedge material. Foliage emerges bright green fading to a darker bluish green, and as a male selection, does not produce fruit, keeping a relatively tidy space.

Thuja occ. 'Congabe' Fire Chief™ PP19009
Dwarf Arborvitae • Full sun • 4x4' • Zone 5

Selected for its bright orange to flame-red foliage, this sport of 'Rheingold' lights up the landscape year-round. This globe-shaped shrub is a slow grower, 2 x 2' in 10 years, that requires little to no pruning, making it perfect for low-maintenance mass plantings or as a rock garden specimen. *Unlicensed propagation prohibited.*

Thuja occidentalis 'Tom Thumb'
Dwarf Arborvitae • Sun-Part sun • 3-4' • Zone 4

This semi-dwarf Arborvitae will form a neat globe-shaped mound. Dense foliage is a lovely emerald green color which holds well throughout the year with little bronzing. Makes a fine low growing hedge, or mixes well in shrub borders.

Viburnum trilobum 'Bailey Compact'
American Cranberrybush • Sun-Part shade • 8-10x8-10' • Zone 6

A compact, rounded form of the American Cranberrybush. Lobed foliage emerges burgundy fading to medium green and returning to a deep burgundy in the fall. With age, flat-topped clusters of white flowers bloom in spring followed by bright red berries. An unappetizing fruit to birds, they can persist well into the winter.

Yucca rigida 'Blue Sentry'
Blue Yucca • Sun • 10x5' • Zone 5

A trunk forming species of Yucca, slowly growing to about 4-5' but up to 10'+ with age. Striking blue needled new growth fades to a powder blue. With some maturity, an impressive 5-6' stalk of creamy white bell flowers appear above. Drought resistant once established but benefits from occasional watering during summer.

 NURSERIES, LLC

**Acer circinatum 'Monroe'***Vine Maple • Sun-Shade • 10x12' in 10 years • Zone 5*

A unique, slightly smaller version of the Pacific Northwest native. Large deeply divided green leaves are often tinged with bronze when grown in sun. Fall color is a bold yellow. A stunning specimen for a woodland garden in deep or dappled shade. Combines well with shade perennials or shrubs. Discovered in Oregon and brought into cultivation in 1965.

**Acer circinatum 'Pacific Fire'***Vine Maple • Shade-Part sun • 12x8' in 10 years • Zone 5*

This selection forms an open mound featuring light green foliage that takes on orange highlights in full sun. Brilliant red twigs and soft orange-red branches are the highlights of this striking specimen. Fall colors are especially striking with contrasting golden yellow and orange foliage. Great choice for a small garden or woodland setting.

**Acer palmatum 'Geisha Gone Wild'***Japanese Maple • Sun-Part shade • 6 x 3' • Zone 6*

A small variegated form with narrow purple-green foliage edged with irregular pink and white coloration. New growth exhibits a bright hot pink while fall foliage changes to purple-orange, then red. Morning sun, afternoon shade best. Prefers well drained soil.

**Acer palmatum 'Hime shojo'***Japanese Maple • Sun-Light shade • 5x4' • Zone 5*

An excellent dwarf red palmatum, growing dense but more upright than spreading. Flushes of red deeply divided new growth appears all season, maturing to a dark maroon; giving this treasure a contrasting color effect. Best color in full sun, although afternoon shade in hot climates is appreciated. Works well in any sized garden, also great in a container.

**Acer palmatum 'Ilarian'***Japanese Maple • Sun-Part shade • 8x4' • Zone 6*

Small deciduous, upright tree with unusual tiny pink, green and white variegated leaves. Stunning foliage changes to a bright orange or red in fall. Prefers sun to part shade in well drained soils. Perfect for containers, small gardens or as a specimen tree.

**Acer palmatum 'Lima Gold'***Japanese Maple • Sun-Part sun • 3x3' • Zone 5*

Tiny yellow-green, seven-lobed leaves adorn this dense dwarf maple. Fall color is a light golden yellow. Its size makes it highly suitable for a container or small garden.

**Azalea 'Tangerine Delight'***Deciduous Azalea • Sun-Part shade • 10x8' • Zone 5*

A fast growing, large deciduous azalea with abundant fragrant flower clusters. The brilliant orange and peach colored petals open in midseason. Flowers are intensely scented with a sweet and spicy fragrance. Bright green foliage tinted in burgundy emerges in spring, maturing to a rich dark green. Spectacular specimen.

**Buxus sinica var. insularis 'Winter Gem'***Korean Boxwood • Sun-Part shade • 4 x 4' • Zone 5*

A compact, mounded, evergreen shrub with small rich green leaves. In colder climates, it can acquire a golden bronze hue but is one of the first boxwoods to become green again in spring. One of the hardiest small leafed boxwoods if located in a sheltered position. Can take shearing to shape for more formal gardens. Excellent for small hedges.

**Buxus x 'Green Gem'***Boxwood • Sun-Part sun • 4x4' • Zone 4*

A broadleaf evergreen shrub that typically grows in a dense elliptical to oval globe shape. Glossy, dark green leaves hold their color well in winter. Very hardy but should be protected from winter winds to prevent tip dieback.

**Carex oshimensis 'Carfit01' EverColor® Everest PP20955***Sedge • Sun-Part sun • 12x18" • Zone 5*

An evergreen, variegated sedge with green centers and bright white edges. A neat mound of grass-like leaves rises from the crown and arch gracefully to create a stunning effect. Useful in containers, borders, or as a specimen to brighten up a shady garden. *Unlicensed propagation prohibited.*

**Carex 'Feather Falls™' PPAF***Sedge • Sun-shade • 12x20" • Zone 4*

A strong, hardy sedge with green strap-like leaves edged with yellow-green variegation. Foliage does not burn in the sun making it an excellent choice for patios and decks. It also is shade tolerant. In early spring you will be rewarded with beautiful feathery plumes. *Unlicensed propagation prohibited.*

**Choisya x dewitteana 'Limo' Goldfingers***Mexican Orange • Sun-Part shade • 5x5' • Zone 8*

This medium sized evergreen shrub is a new Choisya with narrow leaves and bright yellow foliage. More sun tolerant than others, as the sun intensifies the color. Both leaves and flowers are fragrant. In spring white flowers emit a sweet orange scent.

**Cornus alba 'Jefreb' Little Rebel® PP27402***Dogwood • Full sun • 3-4x3-4' • Zone 2*

Small, compact, rounded shrub with bright green foliage during the growing season. In winter stems turn from greenish red to a brilliant blood-red color creating a striking appearance in the landscape. *Unlicensed propagation prohibited.*

**Cornus alba 'Stdazam' Strawberry Daiquiri®***Dogwood • Sun-Part shade • 5-6x5-6' • Zone 4*

Green and white variegated foliage and strawberry-red winter stems make this deciduous, rounded shrub a multi-season winner. Flowers in spring are yellowish white, yielding bluish white fruit. Adaptable to various growing conditions.

**Cornus alternifolia 'Wstackman' Golden Shadows®***Dogwood • Part sun-Filtered shade • 12x15' • Zone 3*

A slow growing deciduous tree with elegant horizontal branching. Variegated foliage and lacy white, fragrant flowers bracts, all conspire to make this a beautiful specimen tree. Textured heart-shaped, reddish orange new growth matures lime-green with irregular yellow-gold edging. Dark blue berries are backed by reddish purple foliage in fall. Deer resistant. Great understory tree preferring moist, well-drained soil.

**Cotoneaster apiculatus 'Tom Thumb'***Cotoneaster • Full sun • 1-2x5' • Zone 4*

Small accent shrub, hedge or groundcover with cascading branches. The tiny, deep green leaves and spreading branches appear in a herringbone pattern. Small white flowers in spring followed by bright red berries in fall and winter dot this semi-evergreen specimen. Fall foliage changes to a bright red color.

**Daphne odora 'Rogbret' Marianni PP21820***Winter Daphne • Shade • 3x3' • Zone 6*

A striking variegated Daphne with glossy, pointed leaves, edged with creamy-yellow margins. In late winter to early spring clusters of very fragrant lavender-pink flowers open. Its rounded shape, bright foliage and sweet scent make it ideal for planting next to pathways or entrances where the perfume can be enjoyed. Ideal in containers placed in shady areas on decks or patios. *Unlicensed propagation prohibited.*

**Deutzia 'NCDX2' Yuki Cherry Blossom® PPAF***Deutzia • Sun-Part sun • 24x24" • Zone 5*

A low, mounding shrub creating a delightful display of pink cherry blossom-like flowers in spring. The burgundy-purple fall color makes this tough little plant attractive throughout the season. Useful as a groundcover or planted in mass for full effect. Unlicensed propagation prohibited.

Photo courtesy of Proven Winners® ColorChoice® Shrubs.**Festuca glauca 'Casca11' Beyond Blue™ PP23307***Blue Fescue • Sun-Part sun • 12x18" • Zone 4*

From spring through winter this outstanding fescue carries its rich steel-blue color throughout. Growing in a mound, the fine foliage neatly cascades making it suitable for containers as well as an accent plant. A low maintenance versatile grass that is heat, humidity and drought tolerant. *Unlicensed propagation prohibited.*

**Ginkgo biloba 'Troll'***Maidenhair Tree • Full Sun • 3x3" • Zone 4*

A dwarf cultivar of the ancient Ginkgo Tree. Growing only about 3' tall, it forms a bushy mound of rich green fan-shaped leaves that change to yellow in the fall. Can be grown on a standard or as a small tree. Suitable for container gardening.

**Hibiscus syriacus 'Antong Two' Lii' Kim® PP19547***Rose of Sharon • Full Sun • 3-4x3-4' • Zone 5*

Dainty white flowers with deep red centers will brighten up your summer garden. This dwarf, deciduous shrub has attractive dark green leaves. Its small size makes it suitable for large containers or the garden bed. It is salt, heat, and drought tolerant, as well as deer resistant. Unlicensed propagation prohibited.

Photo courtesy of Proven Winners® ColorChoice® Shrubs.**Ilex crenata 'Dwarf Pagoda'***Dwarf Japanese Holly • Sun-Part shade • 3x2' • Zone 6*

A very slow-growing evergreen holly. Tiny rounded leaves grow in close layers on stiff stems creating an irregular bonsai effect. Dainty white flowers in spring are followed by small, shiny, black fruit in fall and winter. Fabulous for rock gardens and small landscape settings. Protect from early frosts.

**Ilex x 'Rutzan' Red Beauty® PP14750***Blue Holly • Part-Full sun • 10x5' • Zone 6*

A narrow to conical holly requiring little to no pruning to maintain its Christmas tree-like shape. Dense, dark blue-green, glossy leaves with undulating and pointy edges are a perfect backdrop to spring flowers. Bright red berries from fall to winter attract birds. For best berry display, plant a male blue holly pollinizer nearby. Deer resistant. *Unlicensed propagation prohibited.*

**Miscanthus sinensis 'Little Zebra' PP13008***Dwarf Zebra Grass • Sun-Part shade • 4x3' • Zone 5*

An interesting medium sized, compact ornamental grass of blue-green leaves with irregularly spaced horizontal bands of golden yellow. 'Little Zebra' has an upright, arching habit and bears burgundy flower plumes above its foliage in late summer, aging to light tan. *Unlicensed propagation prohibited.*

**Juniperus sabina 'Monna' Calgary Carpet®***Calgary Carpet Juniper • Full sun • 12x10' • Zone 3*

A cold hardy groundcover conifer with soft lime-green, scale-like foliage borne on overlapping branches. It maintains its green color throughout winter and produces blue berries from late spring through late winter. Drought tolerant once established.

**Miscanthus sinensis 'Little Miss' PPAF***Maiden Grass • Sun-Part shade • 2-3x2-3' • Zone 4*

A delightful compact, clumping grass. Narrow, arching foliage emerges green in spring, before developing crimson and purple tones on the exterior while the center remains green. This two-tone effect intensifies as the season progresses. Red flowers set showy buff-colored seed heads late in summer, holding through fall. *Unlicensed propagation prohibited.*

**Miscanthus sinensis 'Little Zebra' PP13008***Dwarf Zebra Grass • Sun-Part shade • 4x3' • Zone 5*

An interesting medium sized, compact ornamental grass of blue-green leaves with irregularly spaced horizontal bands of golden yellow. 'Little Zebra' has an upright, arching habit and bears burgundy flower plumes above its foliage in late summer, aging to light tan. *Unlicensed propagation prohibited.*
